Jane Styles,

I am pleased to officially announce our support of your organization. As our company has grown to become more successful in Alberta we felt that it was important to find a way to give back and support a cause that is close to all Albertans.

The STARS organization is an immensely valuable service that every Albertan should be proud of having available to them; but it's also one that they hopefully never have to use. Over the next three years we hereby pledge to donate at least \$15,000 to STARS. I have included our first cheque in the amount of \$5,000 and will be so happy when this time comes again next year that we will be able to send another donation.

At Data Superhero we strive to become partners of choice for the backup of our client's critical information. Most of our clients will never have to restore any information from our service but if they do they will be glad they chose the leaders in secure, off-site backup protection. Our hope is that by growing our business we can increase our support of your organization every year that we operate.

You are truly heroes to the citizens you serve. Thank you so much and here's to the next 25 years of care in the air.

Yours truly,

Jesse Hill
President - Data Superhero

Secure, Off-site Backup Services
